2. Cut black cardstock 4.25 x 5.50 inches.
3. Cut white cardstock 4 x 5.50 inches. Blend Oxide inks blues to pink to orange. Flick water across panel, let dry. Trim 1.5 inches from the length of panel and adhere to top of black cardstock.
4. Cut pattern paper 4 x 4 inches, adhere to bottom of black cardstock. Stamp sentiment with VersaFine onyx black ink.
5. Wrap panel with twine.
6. On a scrap piece of white cardstock, ink about a 1 inch area using Broken China, Worn Lipstick and Spiced Marmalade inks. Stamp flip flops onto each color using black ink and heat set with clear embossing powder; fussy cut.

8. Add die cut anchor near bottom right of card front, then add twine bows to anchor and top left corner.
